

# Counting in the Darug language

- 1 = wargul
- 2 = bula
- 3 = bula wargul
- 4 = bula bula
- 5 = bula bula wargul
- 6 = bula bula bula
- 7 or more = dyarralang

*Solve the following maths problems.*

*Write your answers in the Darug language.*

$$\text{Kangaroo} + \text{Kangaroo Kangaroo} = \boxed{\phantom{000}}$$

$$\text{Kangaroo Kangaroo Kangaroo Kangaroo} + \text{Kangaroo Kangaroo} = \boxed{\phantom{0000}}$$

$$\text{Kangaroo Kangaroo Kangaroo} - \text{Kangaroo Kangaroo} = \boxed{\phantom{000}}$$

$$\text{Kangaroo Kangaroo Kangaroo} \times \text{Kangaroo Kangaroo Kangaroo} = \boxed{\phantom{00000}}$$

$$\text{Kangaroo Kangaroo} \times \text{Kangaroo Kangaroo} = \boxed{\phantom{0000}}$$
